### **ASTROLOGY READINGS:**

Very effective in offering perspective in times of change in our lives, when at a crossroads or when things seem to not be flowing so well, but also as a general perspective of the Life´s Journey.

By identifying emotional or behaviour patterns, potential gifts and challenges in the different life scenarios and by integrating that information consciously in the personal life experience, a door opens to the evolutionary potential that is unique in each individual.

For all astrological readings it is required to know the birth time, date and location.

All sessions start with a personal interview to the consultant that will help provide a better context for the reading, focusing on the major life themes.

Sessions are available in English and Portuguese.

Astrology Readings will be recorded and the audio file will be provided afterwards.

If you would like to offer a reading to a dear one, Gift Cards are available.
